Image Reiki

The process of producing images by the action of energy!!

The entire Universe is comprised of energy. Some energy is in denser form that we can see and is what we call our physical reality. Physical energy vibrations are dense and can be experienced directly by our senses. Our senses were created to deal with the physical world and therefore up until now only very few people could see the higher vibrations that surround all physical objects. All energy vibrates at different rates depending upon how dense or fine the energy is. Each vibration has its own color and by reading the color we can better understand the quality and nature of the energy.

The process of producing images by the action of energy is exactly what Image Reiki is all about. You can use the energy from this new form along with any images you wish or images you have on your own to create these things into physical manifestations. This form is similar to [Manifestation Empowerment](#) but on a different vibration level, and working with and incorporation of light energy, that is the process behind Image Reiki.

When focusing on the object of desire, you can needless to say focus on the energy it is transmitting and put this into the present as if you already have this object, whether it be a car, new home, etc. You are using the energy of imagery, similar to that work in taking aura pictures and seeing the colors in our auras, this is similar to focusing on the energy of the object and reproducing this into a physical manifestation. That is why this form works very well with the [Manifestation Empowerment](#) I have channeled in – they both work on manifesting our desires, but this is from an energetic and visualization point of view.

This form does not have a symbol, as this is channeled in to be a very simple form to use, as I know there are many out there who work and use forms that have or don't have symbols and just use the energy and it is much easier for a lot of us to call on the energy instead of having to worry about drawing symbols correctly and such.

What to use this system for:

You can use this system for really anything, but mind you this is only going to work for your true hearts desires, as well as only for positive issues. This is not going to work to harm or hurt someone or something, nor is it s get rich quick scheme, as it is not instantly poof everything is in front of you as there is a delay. But this can be used for money, physical items, etc. Focus on the item you are wanting – find a picture of it – whether it is a physical picture you have taken, one you have drawn or one you have seen on the internet or in a magazine, etc. Get this picture as accessible as possible for yourself. Make copies of it with a copier or print out extra copies of this. The more you have of it the faster and easier this form will become for you.

How to use this system:

You can use this for anything, but the number one people have asked me about is money. Yes you can use this for abundance in any form that you are wanting.

Let's say it is money! Who wouldn't want money! Draw a picture of a dollar bill or whatever visual aid you can find for this one and start with one picture at a time. Sit down in meditation, or even in a relaxed state if you have a hard time meditating. Have the picture in front of you and focus on your intent of it. What does it feel like in your hands? What is the texture of it? The feel of it? Etc.

Feel as if you have a lot of it! And I mean a lot! If you want a lot of money, focus on the exact amount you want - \$25,000 - \$100,000 or whatever your goal is – set it and keep it in your mind. Now hold on to this as well and see it, as if it is really in your picture for you. This is where a lot of people start being able to see the energy around the object. That is why I like to do this with the physical picture or at least one that is close to it.

This form can be used for other things other than finances, but this is just one wonderful example of how you can use this. Focusing on the object and the photographic energy surrounding it, similar to an aura picture of a person – all things have energy imprints. And bringing this into the present can help this manifest into your life so much more quickly.

Using this form in conjunction with [Manifestation Empowerment](#) does help this speed this process along quite a bit, I will admit, with my own success in using both of these forms together.
